INFORMATION  
LEAFLET

**Driven To Perfection**

# COMFORT AND CONVENIENCE

Every detail is meticulously designed to enhance your comfort and convenience on the road.

## **CAB SUSPENSION:** Full-Floating Structure

This structure significantly reduces the impact from all types of road surfaces to minimise vibrations during your journey.

## **DRIVER AIR** **SUSPENSION SEAT**

Offering a superior level of comfort, this feature not only ensures a more pleasurable ride, but also plays a pivotal role in reducing driver fatigue.

## **HILL ASSIST** **(ES Start System)**

Tame hills effortlessly with the Easy Start system that's integrated in the manual transmission. No more worrying about roll-back on steep inclines—our system maintains braking force even after releasing the brake pedal.

## **CRUISE CONTROL** **(Auto-Cruise)**

Cruise Control not only reduces driver fatigue on extended trips, but also contributes to better fuel efficiency. Take control of your journey with ease, allowing you to relax and enjoy the drive, while maximising the efficiency of your Hino 500.

# SAFETY AND SECURITY

Uncompromising safety and security are at the forefront of the Hino 500 series, setting new standards in the industry to ensure your peace of mind on every journey.

## **MULTI-REFLECTOR** **HEADLIGHT:** Illuminate the Night

Our multi-reflector headlights not only enhance brightness, but also increase lateral spread, providing superior night-time visibility. Enjoy a safer driving experience with optimised illumination, making every road a well-lit path.

## **REVERSE BUZZER**

Safety takes centre stage even when reversing. The reverse buzzer acts as your alert system, ensuring everyone around you are aware of your movements. With this safety feature, you can navigate in reverse with heightened awareness and confidence.

## **SUPPLEMENTAL** **RESTRAINT SYSTEM** **(SRS) DRIVER AIRBAGS**

In the event of an impact, these airbags deploy strategically, adding an extra layer of protection for the driver. Experience enhanced passive safety, knowing that your well-being is our top priority.

## **EMERGENCY LOCKING** **RETRACTOR DRIVER** **SEATBELTS**

These seatbelts provide active safety by restraining movement during sudden stops, and form part of the overall improvements in both active and passive safety systems.

## **IMMOBILISER**

Guard against unauthorised access with the built-in immobiliser. This advanced security feature ensures that your Hino 500 remains protected, giving you peace of mind whether you're on the road or parked.

## **CENTRAL DOOR LOCK** **- TOTAL CONTROL,** **MAXIMUM SECURITY**

Take command of your truck's security with the central door lock system.

# THE HINO 500 EDGE

## **EXPANDED LINE-UP AND ROBUST FRONT AXLE CAPACITY**

We understand that every journey is unique, and that's why the Hino 500 Edge offers an expanded line-up, providing our customers with a diverse range of choices. Coupled with a formidable 7500kg front axle capacity, this series empowers you to tailor your truck to your specific needs. From versatility to strength, the Hino 500 Edge is engineered to exceed expectations.

## **QDR: QUALITY, DURABILITY, RELIABILITY—STRENGTHENED**

At the heart of every hardworking truck lies the essence of QDR—Quality, Durability, and Reliability. The Hino 500 Edge takes this fundamental principle to new heights, with QDR being more than a feature; it's the ethos that defines every aspect of this vehicle.
